February is Heart Health Month—donate blood to  
help save lives and get a health check.

Heart transplant patients and infants born with  
heart defects can often require blood transfusions  
during surgery. Heart Health Month is a great time  
to honor these patients by giving blood.

ALL DONORS WILL RECEIVE A FREE T-SHIRT AND  
COVID ANTIBODY TEST.

FUELED BY FIRE. DRIVEN BY BLOOD!!

“I believe the idea that  
my blood could help  
save a life is so  
amazing. Even though I  
am not a trained  
medical professional, I  
can still make a positive  
impact on others.”
